

Kingfisher Harriers

Young People Club Runs Policy

- Under 17s can participate in Kingfisher Harrier runs if they are accompanied by a responsible adult. The responsible adult is fully responsible for the safety and wellbeing of the under 17 they accompany.
- Kingfisher harriers accepts no responsibility or liability for any accident, injury or loss suffered by the under 17 in the course of their run .The accompanying adult is entirely responsible for their safety , well being and behaviour during the run.
- The under 17s' must supervised by the responsible adult through the run. The definition of this is within in arms reach of the under 17's from start to finish of the run.
- On the occasion of the under 17 being a more able runner than the parent/carer the run leader/coaching staff for the group will supervise the under 17 on agreement prior to the run taking place.
- If the parent makes an agreement for the under 17 to run with a non DBS checked volunteer it is the parent's responsibility for the supervision and safety of the under 17 **not** the responsibility of Kingfisher Harriers. As a club we do not recommend this a practice of parents.
- A responsible adult may **not** supervise more than one under 17s on the run. One adult to one under 17s is the acceptable ratio.
- Kingfisher Harriers reserves the right to refuse the participation of an under 17s on the run if the opinion of a run leader or steering group member, the run is not appropriate for the under 17s for any reason.
- 17 year olds can fully affiliate to Kingfisher Harriers as a full member. However under 18s can join as a social member of Kingfisher Harriers
- Kingfisher Harriers steering group and committee will review and amend this policy as necessary.
- At Kingfisher Harriers we have an open door policy for parents to ask questions etc with the Safeguarding Officer Stephanie Elliott and or safeguarding steering group. Please feel free to speak to the team at sessions or email : welfare@kingfisherharriers.com
